

There's no question about the popularity of the new Jeep Wrangler JK Unlimited as a versatile, go anywhere, vehicle. What you might not know is the surprising number of ways you can configure this chameleon.

Set up with the four door hard top configuration, you're ready for wheelin' in inclement weather as well as a night on the town. If the sun's out, pop off the t-tops for a sampling of the day.

The half door bikini top configuration is just the ticket for summer fun. Take a cruise down the coast highway with the wind in your face, then take a detour into the mountains for some hardcore off road adventures. Whatever your taste, this Wrangler is ready to please. The "SPLIT PERSONALITY" Wrangler by X-Treme Toyz is a tough, capable off-roader with a touch of class.

Created For and By

Mike Duval, X-Treme Toyz
